The application has been amended as follows:

In the claims:

In claim 17, line 1, "17" has been changed to --16--.

In claim 19, line 1, "19" has been changed to --17--.

In claim 21, line 1, "21" has been changed to --16--.

In claim 22, line 1, "22" has been changed to --21--.

In claim 23, line 1, "23" has been changed to --22--.

In claim 24, line 1, "24" has been changed to --23--.

Claim 32 has been cancelled.

### **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance: The applicant's arguments regarding whether the reference to Venus-Gusmer provided a continuous mold surface therein have been found to be persuasive. It would appear from the schematic drawing as well as the photographs provided therein that the Mylar sheet material was not in the form of a continuous sheet in the operation and device. It should be noted that the article is nonetheless still believed to be available as prior art

The applicant is advised that the changes presented in the examiner's amendment above were merely made to correct additional typographical errors in the amendment after final (note that the claims identified as "(original)" in fact did not have the problems corrected above regarding the incorrect dependencies. Additionally note that claim 32 was not listed but was previously listed as cancelled.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
